EXPERIENCE

OPERATIONS SPECIALIST /ANALYST, 10/12/2022 – 29/05/2026

Worxstax Solutions private Limited, Bangalore

- Managed end-to-end D2C operations across Shopify, Myntra, Amazon, and Flipkart, handling order processing, inventory, and timely fulfillment.
- Supported daily management of 50–80 orders during peak periods, maintaining 95%+ next-day shipping through coordination with warehouse and courier partners.
- Uploaded and optimized product listings (titles, descriptions, pricing, images, catalog), automated product listing on Shopify using Claude AI, helping improve conversion on key products.
- Led seasonal product launches (Holi, Valentine's Day, Pet Lover collections), including design planning, AI mockups, catalog uploads, and go-live.
- Created AI-based product mockups to improve product presentation across platforms.
- Assisted with Meta Ads under senior guidance and supported basic performance marketing activities.
- Managed logistics using Shiprocket, handling NDR, delivery delays, courier pickups, and supporting COD RTO reduction through follow-ups.
- Handled customer support for returns, exchanges, size guidance, and order queries, contributing to better customer retention.
- Created Instagram and WhatsApp content using Canva to support promotions and engagement.
- Prepared monthly sales and operational analysis reports using Power BI and Excel.
- Monitored KPIs including order fulfillment, returns, dispatch delays, and customer trends to support business decisions.
- Successfully onboarded 300+ vendors and helped them to navigate the platform when Storeily was b2B App.
- Managed end-to end customer support through Freshdesk, Shopify Inbox, email, chat support.
- Created engaging Instagram post and reels for our Instagram Page.

CUSTOMER RETENTION EXECUTIVE, 06/2017 - 06/2021

Vap Technology, Kolkata

- Managed relationships with existing customers through regular follow-ups.
- Collected customer feedback, coordinated with internal teams, and resolved client queries.
- Built strong client relationships through proactive communication, contributing to higher satisfaction and repeat engagement.
- Regularly handled inbound calls, email support, and customer communication using tools like tawk.to.
